A cross between old country and country pop. 10 MP3 Songs COUNTRY: Progressive Country, COUNTRY: Country Pop Details: You can't start the story of Bobby Hoover's music in the traditional way bios are written, sure he is a small town guy with a big dream to make it in the music world of today, but his story goes deeper than that. Bobby is recording in Nashville Music City U.S.A. and he is currently working on his art and career as I write this bio. He doesn't let a day go by without his music or his fans, he keeps them up to date and in the forefront of his career. They are a big part of his plans and his love of music. After a concert when other performers are back stage taking a power nap or resting after a live gig you'll find Bobby sitting at a singing table with his fans doing what he loves to do. We could tell you about all the things a young Oklahoma son has done while growing up in the small town of Harrah Oklahoma but that's yesterday and Bobby lives for today and tomorrow, his drive for the future is a never ending quest, the love for his two girls and his lovely wife Jennifer is a driving force for Bobby to stay on the road and on the minds of his fans. The things we need to say about Bobby is that you need to hear his music and see him live in concert to appreciate the talent of this young artist who dears to keep country alive and in the hearts and ears of the country music lovers of today, high hopes, dreams and goals are to be admired in today's music world, when so many artists are trying to do what every one else is doing Bobby keeps it simple and clean. Bobby says music should lift up the heart and speak to the soul, he wants you to feel what he feels when he's driving down the road and a song comes on the radio. He wants you to be moved not only by the music but by the message and the artist. He says if the song didn't do something for you the day you heard it than the heart of the artist was wrong and the music didn't give you what you needed in your day. That is what real music is about; the listener. Not the glimmer, the lights or the hip. Just you the fan, the one who wants the music to touch them, to reach to their heart and soul and that's

what Bobby pledges to do with his music.
