Like mythical beasts they came... All tinged with smoke and wreathed in flame.... So take heed when you hear the bell begin to toll.... For they are the true saviors of Rock n' Roll 12 MP3 Songs ROCK: Hard Rock, ROCK: Modern Rock Details: "Awaiting the Wrath of a Vengeful God" is the definitive statement from a rock n' roll band that is no group of mere mortals. This is Olympian rock music designed for and dedicated to the unification of middle eye and the groin. The mind and the hips, if you prefer. The Cosmos Sunshine Band are messengers from beyond the walls of sleep sent to earth to demolish the flacid and sterile musical status-quo and to awaken that inner voice that's telling you "Up the revolution!" The architect of the archetype is Cosmos Sunshine Heidtmann, the pagan, pauper, ex- junky, prophet who plays the rippin' guitar, produces the records, writes the tunes and sings 'em too. The skilled masons who have built the foundation upon which this massive erection is mounted are bassist "Jackter," drummer Rob B. and percussionist, backing vocalist and all-around multi-instrumentalist "Bongo" Jim. They provide the fuel that this rocket needs to fly, and let me tell ya, it's some high octane make! So, if you feel like you're man, woman or trans-gender enough to handle heaviest, softest, hardest, sweetest, meanest, deepest, darkest, brightest rock record to find it's way through the cosmic birth canal in the last 30 years; then get your copy today! Amen and Hallelujah
