'Heart of Stone' is page two of 'My Collective Series' of three fusion, r&b, soul, dance jazz cd's written and recorded over the past twenty years. This CD has more r&b, soul, pop dance tracks. 11 MP3 Songs URBAN/R&B: R&B Pop Crossover, URBAN/R&B: Soul Details: 'Heart of Stone' is part of 'My Collective Series' of three albums of originals and covers written and recorded between LA. and London between 1983' and 2003'; This album like all the others in the series were written about former girl friends, ladies i dated and admired, some here in LA., some in london helped inspire these songs. They expressed happines, sadness and joy and i'm sure they'll make you feel good too and put you in the mood for love or play. 'Lady' 'C' is from london, her name being 'Carole' whom i met while in london on tour with 'Barry White' and we crossed each other again when i moved there. All of this three series of material was put together for the then girls in my life. There's 11 tracks on this cd you're going to enjoy. The covers of these series cd's carry my former girls photos. The three in the series are 'Heart of Stone', 'Have You Got The Time' and 'Foxy Lady'. Check out all three with jazz, r&b, soul, dance pop fused together. 'When I Fall' is the only cover tune written by songwriters from new york, Patrick Falletta and Owen Liebreich. It was originally a country song and a young producer from new york named Aaron Hatch who transformed the song to what it is now. I think i recorded 'When I Fall' in 1990. It came out on cassette back then. There's a different mix of 'Wrap Me In Your Love' than the one on the 'Wrap Me In Your Love' (club mix). I hope you'll enjoy the ride as much as i did recording it, sincerely, Emmett North Jr.
