**ELECTRONIC: Dance, ELECTRONIC: House** Details: Fresh Nelly, just over a year old, is a solo female electronic-acoustic artist who really doesn't like music genres. "It is what it is, and it makes me dance!"

menageAtrois is all in fun but has a true story behind it... -One has to listen to the entire CD in order to get an idea of what the songs are about, but in a nutshell, being in a 3 way relationship is exciting, scary, interesting, satisfying, intoxicating, and time-limited. All the music was written "under the influence" of intense love, freedom, wild abandon, and travelling in exotic and erotic places for the first time. Most of the tracks have a deeper, hidden meaning, and manage to have a care-free happy feel at the same time. -very unique! -something different going on here! -Fresh does it again! French played a really big part in the making of the CD and was almost a requirement to set the mood. Nothing too complex someone with a Phrase-book couldn't figure out. The CD flows from start to finish from sexual fantasy to reality, not unlike the new tracks being unveiled at electronicscene for her upcoming CD "Girlz 2 men" Look for it here in Aug 2004! \*\*\* Fresh Nelly's Girlz2Men and MenageAtrois CD have been accepted to the french label Virtualabel (virtualabel.com) if you are in Europe! Les 2 CDs Fresh Nelly Girlz2Men et menageAtrois sont maintenant disponibles a virtualabel.com. Allez-y voir! \*\*\* summer 2005 = bonus "soHappy!" song!
