John Coleman AKA J-STRO has been rhyming since the age of 12, now he is 24 and ready to take the game by storm. He already has 3 underground albums under his belt, with his 4th album Wordplay in the works. He is ready to take an aim at the industry!! J-STRO also knows about the streets - just 2 years ago he was shot in the head, but I survived. That just made me focus more on my music. I thought like, man I really got to make something happen before the hood take me under. If you guys claim to know hot music then this is by far the hottest unsigned hype ever. On this track called The Best Of Them, he Spits I'm the best of dog forget the rest of them why you keep stressing it dog I ain't impress with em dude spit cool, but he sound like the rest of them dude spit rude till these fools put a rest to him. This kid is the real deal!!! Don't sleep on the next big thing! Track 1-The Best Of Them - On this track I'm saying that it's a lot of rappers that try to sound like other rappers bottom line if you don't got it you don't got it. Track 2-Get Lose -This track is about dudes that be handcuffing they chicks let shorty get lose she wanna dance to stop holding hands. Track 3- Stop calling - You know how when you single and the females be playing you off but as soon as you get a woman then they want to act like they interested please stop calling. Now I'm making hits and about to get rich now you wanna be my chick now stop calling me.
