Acoustic/Reggae/Soul- My eclectic writing style is a result of my experiences in the world as I know it. Over the years I have seen death, struggled with drugs/alcohol, dealt with troubled relationships, ultimately feeling youth fade away. 10 MP3 Songs ROCK: Acoustic, WORLD: Reggae Details: I have been playing the guitar for over six years now, but I have been story telling for as long as I can remember. My strong Irish roots have aided in my ability to carry on and I can have a good time with just about any crowd. I create a folksy story telling atmosphere but with a soul induced reggae style; and because I grew up listening to hip hop and R&B I have captured the ability to rhyme and harmonize adding a urban-motown flavor. Usually I play alone, but more recently I have featured a number of talented musicians when I play. It tends to shake things up plus it adds to the eclectic mood of the night. I draw energy from the crowds large and small, which has made this musical endeavor so enjoyable. I have started to tour the east coast building a considerable fan base, which has led to a the start of a wonderful connection for coast to coast tours. I have enjoyed much success, thanks to the support of my family, friends, and fans. Your support from the very beginning has made this what it is today and I thank all of you for that. When in Portland you can find me at such venues as, Mississippi Studios, The Tonic Lounge, The Vue, Dante's, The Green Room, The Twilight Cafe, McTarnahans Tap Room, and The C Bar.
