The sound of a continuing journey 11 MP3 Songs ELECTRONIC: Big Beat, FOLK: Urban Folk Details: Kuchuman is The Debut Album of one of Mexico's Up and Coming Composers. Kuchuman (the album) is the marriage of Electronic music with Tribal Drums and folkloric Mexican music, some of the sounds in this album were recorded live at a Hangar in one of Mexico's most visited border towns (Tijuana) more of the drums were recorded in a old burned down cinema in the search of big natural reverb, all these recordings are reprocessed sequenced and mixed with Banda, Mariachi, Son Jarocho and with a dip of genres like Drum Bass, Emo, Funk, Hip-Hop, and Classical oriented horns and orchestrations... There is a little taste of opera and the overall sound is Filmlike but it will make you dance and tap your feet as well Get Ready to rock your mind away! Kuchuman is like no other
