Details: Midnight Studio is a collection of studio musicians pulled together to perform various pachk compositions. The core group is pachk on Saxophones, Horns, Keyboards and Vibes; and Peter Tattlebaum (Peter T), a blues/jazz bassist, on Bass, Guitars, and synths. Other musicians are included on an as needed basis. Pachk has been playing music for over 40 years and during the late 60s and 70s, toured most of Europe and Asia with the Impacts, playing US Embassies and International Clubs. Upon returning to the US, he joined the Towne Criers in Boston and toured across the US. It was after that tour that he decided there had to be a better way of life and stopped playing club gigs to concentrate on studio work and writing music. Peter T has been actively involved in the Boston music scene for over 10 years and presently performs with the blues group Scratch My Back here in Massachusetts. He is a major contributor to the production of the Midnight Studio's performance of the pachk compositions.
