The Book of Life is an all-inclusive musical masterpiece which portrays the stages of evolution of life experiences from hardship and suffering to triumph and understanding. During his early childhood, Mississippi was known throughout his community as a singing sensation. His compelling musical heritage was conveyed from his grandfather who was a preacher and his mother, the director of two choirs. Without fail, every Sunday and sometimes during the week Mississippi could be found in church. When he was five, he would joyously sing in front of the congregation. Subsequently, he became a highly sought after vocalist for weddings, funerals, birthdays and anniversary parties. Music has never been foreign to Mississippi because he was born with an intrinsic melodic distinctive. Not only does he come from a compelling musical heritage; it is significantly coupled with a distinctive historical heritage. Mississippi's musical roots were established in the African American church like various legendary greats, such as Sam Cooke, James Brown and Stevie Wonder. While in high school he toured for two years with the legendary gospel choir, The Mississippi Mass choir. Mississippi's educational pursuits exemplifies his dedication to the spirit of excellence. He was able to stay out of trouble through the direction and pathways of a great mother and education. He attended Texas Southern University. Simultaneously, he competed successfully in talent shows and began experimenting with diverse genres of music, including classical, and even though familiar, folk and country. Mississippi's repertoire of performances is quite extraordinary. He opened for artists such as Musiq, Raphael Saadiq, Dwele, John B. and Dwayne Wiggins. Media dynamics for this project are wonderfully positive and breathes echoes of success. Mississippi's musical influences are quite impressive. Notably, Nat King Cole, Fats Domino, Sam Cooke, Curtis Mayfield, Rev. James Cleveland, Mahalia Jackson and Muddy Waters to Lionel Ritchie, Michael Jackson, New Edition, Johnny Gill, Van Halen and Kiss. However, gospel is what influenced him most.
