Details: Since you, the person reading these awesome 500ish words about the band Uh Oh! Explosion probably found out about the band from them themselves in person looking all sweaty and sunburned at the Vans Warped Tour the past 2 years. These fans have helped the band sell over 14,000 copies of their first pop-punk driven full length album "In Your Face." Quick to be back in the studio in November of 2008 they sporadically released their 2nd full length "Pop Fascist" a more of a dark-electro-pop fused record, but clearly still hints at the bands sense of humor and ability to write catchy chorus to keep you hooked through-out the whole album. With the 3rd release of "For The Win!" (the cd your hopefully about to purchase) the band decided to attack every genre to keep all ears satisfied. With the lead single "The Original Mack" you can hear the bands firsts sounds but cranked up about 10 notches. With help from Suburban Legends on "Five Finger Discount" most ska fans should have no problem skanking to this jam. A little inspiration from 3OH!3 and Family Force 5 is aparant on "DGAF 187" and "Big Stick Dynamite" respectively. All around this album is a party, this band is a party and they have no problem with that.
