Snap Video Pro Private Label Rights Included... Discover the Truly Easy Way to Bring Your Snapshots to Life! What is SnapVideoPro? Its a screen-capture software program, capable of capturing your entire desktop, a portion of it or the active window of the desktop. But there's more! SnapVideoPro can also: Open bitmap images Save to JPG, BMP and TIFF formats Apply several photo retouching effects to your image Add text to an image Draw on an image And much more! In addition, SnapVideoPro can build slideshows for you from the snapshots you take, making it perfect for building desktop presentations!

Ability to capture any portion of the screen Work with multiple images at once Apply professional photo retouching effects to your snapshots Adding images and text to your snapshots Resizing snapshots using up to 7 advanced filters Configurable, system-wide hotkeys for most common actions Save snapshots to multiple image formats Capture a mouse-defined region of the desktop Capture desktop objects like menus, windows, list boxes, edit fields, etc. Directly print snapshots Easily create slideshows by using the autocapture feature Autohide the program on capture
