

Introduction To Unicist Business Architecture - Peter Belohlavek

[DOWNLOAD HERE](#)

Introduction to Unicist Business Architecture is a fundamental book for individuals who are responsible for designing, modeling or organizing businesses. It provides an introduction to a structural functionalist approach to architecture that allows managing the integration of the ontological structures of a business to deal with it as an adaptive system with the functional operational processes that makes a business happen. It is part of the Unicist Architecture Collection of Peter Belohlavek, which synthesized the structural-functionalist approach to business architecture. It covers, among other subjects: analogy between functional architecture, IT architecture and Business architecture, Unicist Business Architecture, the unified field, businesses managed as unified fields, transforming unified fields into operational actions, unicist ontology of the apprehension of a unified field in business, the nature of adaptive systems for work, taxonomy for the design of an adaptive system's work process, unicist business process modeling, unicist business objects design, Unicist Back2Back methodology: unicist design taxonomy, the unicist ontology of figurative communication at work, hyperrealism in business, business platforms: an application of Unicist Business Architecture, 5-click strategy: an example of the use of a unified field in business.
