Straight german electronic music full of feeling, sounds melodic and harmonic. Cheerful music, but sometimes also sad and soulful. 10 MP3 Songs ELECTRONIC: Ambient, NEW AGE: Ambient Details: From 1978 to 1987 Adelbert von Deyen released 9 albums with electronic music on the german sky-label. After this he spends his time being a landscape-painter in northern germany without musical activity. In spring 2006 he got a synthi-keyboard as a present from a girlfriend to play it just for fun. And so he comes "Back To Life", records the music feverish day and night, and a few weeks later he had created "Painted Black": A straight and melodic musical selfportrait, sometimes cheerful, but also sad and soulful in the next moment. By the way: the carbon-cd is coloured in deep black at the front and back side! Adelbert say "Hello Again" and take you by the hand for a nice mental trip through his individual world of new age music on an "Boulevard Of Broken Dreams". After the funny electronic reggae "Gonnemeise" you hear a "Summer Elegy", that takes you "So Far Away". Than listen to the sad "Tears Of A Clown". Hear the delicious "Greek Salad" with delight and at last Adelbert wish you dreamy "Nights In Black Satin". Feel good with this music!
