Brings thoughts of Paul Simon and James Taylor, with carefully crafted songs produced in a variety of styles. 15 MP3 Songs FOLK: Traditional Folk, ROCK: Folk Rock Details: Art Sirota picked up the harmonica at the tender age of twelve. He didn't actually blow in it until he was fifteen, but he got pretty good at picking it up! Later he picked up a guitar. This time he decided that picking it up wasn't impressing anyone, so he learned how to play that, too. Soon he was writing his own songs, Hitch-hiking all around the world, washing dishes, restoring vintage British motorcycles, getting in touch with his inner child, and making CD's featuring original compositions. He's a big fan of Will Rogers and steals his best lines whenever possible. "I never wrote a song I didn't like," he adds. His favorite film is "Huge Tire Off-Road Monster Funny Cars, Volume 7." \*\*\*\*\*BUY ALL 5 OF ART SIROTA'S CD'S FOR \$50.00\*\*\*\*\*
