A clutch of standards share the CD with some well-crafted and hummable originals. Highlights include the title song, Cole Porter's 'True Love,' 'On Green Dolphin Street,' 'Soup Du Jour,' 'Enjoy Yourself' and a swingin' version of the Andy Griffith TV Theme songs with her uke licks standing in for the famous whistle. Other top tracks are her songs 'Happy Ever After? No Such Ting' and 'Maui Nights.' Expertly produced by Rick Cunha with a supporting cast of fine studio musicians, this CD is a gem."
