Details: Hayfever is a poignant and personal story-telling tribute to moments of transitory magic told by a beautiful voice and a ukelele. It is a treasure trove of precious, multi-coloured stones that you might hold in your hand to feel the warmth. A self-taught multi-instrumentalist (voice, piano, drums, guitar, bass, ukelele, tuned-/percussion and harp), Carl has had twenty years performance experience in a myriad of guises and styles. At home in any brand of musical style, he has also tutors in singing, piano, drums, songwriting and improvisation. He currently performs in 'Totally Gourdgeous' (yes, the instruments are all made from gourds...), Checkerboard, PotnKettle (an acoustic harmony duo) and as a soloist. He is a musicians musician, known by and featuring on an impressive array of great Australian music, he is known most publicly from the unique a cappella trio, 'Acapelicans' and as singing drummer from roots-based improvisation band, 'Checkerboard (Lounge)' whose famed 7 year residency inspired the development of many great musicians and bands), Carl has recorded and toured nationally and overseas several times over the last 8 years in many musical and theatrical capacities, winning competitions and acclaim from a wide variety of creators and audiences. But hey, lets hear it from others. What a natural...pure soul!"...(JoJo Smith) "I love this stuff, it's so real!"...(George Nussbaumer, Austrian radio) "You have the voice of an ANGLE!"...(a letter from an enthusiastic audient) "There is very little I can say about Carl Pannuzzo that will not come out sounding like he paid me lots of money to say it. So let me just say this, and I'll say it for free: he looks like a normal-enough guy, but in fact Carl Pannuzzo is one of the most precious songwriters we have. And just for the record, it was his music that first inspired me to become a songwriter. His songs are the best kept secrets Melbourne has ever had. For his honesty and his ability, he's right up there with the big ones. Years before I knew him, his songs had already seen me through my very darkest nights. His songs become like a set of keys into a whole new house of thought. His melodies lodge themselves into people's heads like inspiring little secrets...and it's all true"...(Clare Bowditch)
