[8th Album/2009] Acoustic pop/folk. "An absolutely extraordinary CD filled with beauty, charm humor." -Aaron Reid, Philadelphia PA 10 MP3 Songs in this album (60:46) ! Related styles: POP: Pop/Rock, FOLK: Folk Blues People who are interested in Tania Maria Bobby McFerrin Sweet Honey in the Rock should consider this download. Details: [8th Album/2009] Cassendre Xavier just cant make up her mind. If it isnt love songs, its inspirational songs, or its songs just to make us laugh. The one thing this acoustic pop artist described as a cross between Tracy Chapman, Sade, and Enya (Steven M. Wilson, Borders Music Expert) does consistently is soothe, entertain, and inspire. Her voice is as light and sweet as it is deep and sultry. She can joke and cajole as well as comfort and uplift. Nowhere is all of this variety more expressed than in her latest effort, Capable of Love (released January 11, 2009). All but two tracks are new original songs check out her haunting Water is Wide and uniquely peppy yet fervent O Shenandoah. And all but one, an emotional Wanna Heal, which features her hip-hop producer brother Giscard Jee Eye Zee Xavier (City High and C Knowledge of the Diggable Planets) on drums, features only Xaviers multi-layered vocals and her own acoustic rhythm and lead playing. Humor is here in abundance, as The Damn Dog Song shows. A plea for owners to leave their pups at home when dining out or shopping for take-home movies, this song alone is worth the price of the CD/download. Xavier wanted to honor her self-described Sapphically-inclined constituents with a tune thats where The Chapstick Lesbian Song comes in. The song claims to speak to those who identify as neither butch nor femme but is sure to bring smiles to anyone regardless of gender or orientation. In addition to the soul-stirring, political anthem I Am Free, the motivational Reach, the unabashedly joyful You Make Me Happy and the aforementioned survivors theme Wanna Heal, all other songs on Capable are rich in her soulful expression of emotions. The usual angst around relationships and romance abound, but are enhanced by multi-layered, bell-like

harmonic chanting not unlike Bobby McFerrin, and reminiscent of jazz composer/pianist/vocalist Tania Maria. When asked why some of the songs are so long (Run to You, for example, runs almost 10 minutes alone), Xavier says, This album is for people who like to sing along. I often find that the end of a song is the most fun sometimes, and I am often disappointed when it ends. And I love to harmonize. I have always done a lot of harmonizing when I sing. To me, these are sacred chants, and I hope there are people out there who will enjoy singing and harmonizing along. If not, well, I figure you can always skip ahead to the next track! Indeed, the lengthiness may not be for everyone, but at 10 songs totaling a little over an hour of her lovely music, most will be pleased and satisfied. Recommended. What fans are saying about Capable of Love: Capable of Love is an absolutely extraordinary CD filled with beauty, charm and humor. If you don't believe me, keep your Damn Dog at home!
