Chris Candelario's "Eternal Light" CD is truly a tour d'force of creative classical, new age, and flamenco guitar with this debut album of 16-original compositions. 16 MP3 Songs CLASSICAL: Contemporary, LATIN: Flamenco Details: Chris Candelario was born in Santa F and grew up on Canyon Road and Las Vegas, New Mexico. His father gave him a Spanish guitar at age 9, but only knew three chords and one arpeggio (p,i,m,a,m,i) to show his son. Musically self educated and with little formal guitar training, he has written over 60 original classical and flamenco songs. A major undertaking was to complete the companion music book for the "Eternal Light" CD with the 16 songs precisely noted the way they were recorded. As a professional photo-journalist, Candelario always traveled with an acoustic guitar or purchased one wherever his work would take him. From childhood he continued to practice and compose music - especially his unique style of arpeggios. Currently, Candelario volunteers at the Veterans Hospital in New Mexico to play receptions, concerts, and gives music therapy to Disabled American Veterans.
