Fun rock from a Texas songwriter; it's heavy on electric and heavy on love. Experience it. 12 MP3 Songs
ROCK: Roots Rock, POP: Quirky Details: For those back for a second helping of love and loss, Dallas' Colin Boyd satisfies if you've come to the table with an appetite for such. Terence Slemmons takes over production for the love-lorn troubadour in this 1997 outing. The strong Buddy Holly pop-song and Fender-guitar influences are still there in full force... but also thrown in: try some sixties rock and some hard-core country.
