A mix between Kirk Franklin and Nelly 15 MP3 Songs HIP HOP/RAP: Spiritual Rap, URBAN/R&B: R&B Pop Crossover Details: Press Release Would you let your kids listen to this? J. Juice, an up and coming gospel rapper has released his second cd entitled "Johnny B Good", under his record label, Juicy Records. When asked how he feels about the new album, he commented, "I have Shifted Gears on the new album. I believe that listeners will walk away feeling empowered, inspired, and encouraged to Shift Gears as well." The cd is packed with positive messages for today's youth. The first single, "I'm Shifting Gears" will encourage you to spend more time with God. The first single also includes a video directed by J. Juice, showing several of today's youth. This video is family oriented and can be enjoyed by the whole family. The second single from the album is "Fire". It will help today's youth understand that no matter what you are going through in life, with God on your side, you can do all things! Another song on the album entitled "Run and Tell" helps people to understand that God is a forgiving God. No matter what lays behind in your past, once you accept Christ as your savior, it is buried in a sea of forgetfulness, never to be thought of again. You may be asking yourself, what makes this cd different from any other hip hop/rap cd out there? The answer is simple, J. Juice offers music that is comparable to the secular music market that today's youth is listening to. Instead of all the negative messages that parents are concerned about their children hearing. J. Juice is offering positive messages that parents are happy to let their children hear. The music still has those catchy hooks and strong beats that attracts today's youth. In addition, the cd has bonus tracks by J.Juices' newest group "The Compound". You are sure to be blessed by their powerful lyrics. Now is the time for you to spread the word to your audience. Listeners and readers will thank you for sharing J.Juices new cd "Johnny B Good" with them. For more information visit us at jjuiceor.cdbaby.com/jjuice.
