Ambient Dance with a touch of trance techno and house 12 MP3 Songs ELECTRONIC: Dance, ELECTRONIC: Techno Details: It all started one still evening; the house was settling when I heard the sound, But something strange was upon me a strange feeling in my mind, for a while I just listened at the sound coming from across the street, it was inspiring something in me, So I got out of bed and opened the window, the same song was played time after time each time I heard it the song inspired me more, it had left a memory that haunts me to this day, one simple dance song at around 200 bpm with strange stops and starts, To this day I have not heard that song again and do not know the title of it, but it inspired me to write this CD hope you like it, mirrortrance.
