Also commercials on BET from June 2002 to March 2003. During 106 and Park, Rap City, The Count down, The Basement, Uncut and Midnight love. But his commercials at Fox channel 30 in Jacksonville, Florida were rejected for a reason not known by Jack Potter the supervisor there.(quote)"I don't know why but the head lady incharge refused it, she just did".said Mr.potter.(end quote)I guess no respect for Indys. Just trying to deter his claim to fame. I guess there is no love for NAT or Indys in corporate America. Now the new album has risen. You, already know the Man NAT. The new album has been stated that it has more personallity than most major artists lyrically,the kind of music to be in your head a for many years to come. With hits like "Stepdaddy","Revolution","A Man's Diploma" and "Stealin From A Deadman(2pac)" just to name a few off the "Bare Truth" album. It's the Bare Truth!!!! Told in the only way NAT does it REAL, no matter of the opinions of Government and others who just wanted him to fail. This is not a album of pimpin, cain slanging and living ghetto life. NAT has been on stage at the NAACP rally, that was held at Edwards Waters College in Jacksonville, Florida in November 02. During the get out and vote tour Performing the ever so political, controversial hit "Fire in Florida" off the last album "Do Whacha No U Shud" by NAT, about politricks and about the dis-

infringement of the florida votes, with corruption, and how people were on the beach buying their own water and sand. Uncle Luke, from the 2 Live Crew was even there to support the effort. With 2 write ups in the Florida Times Union they called him "The Watchdog" and he makes some trendous statements about the unwillingness of government to stop drugs before they inter the country. The unforgettable 2000 Presidential election with voter dis-infringement rights. Also on drug infestation. NAT's says Quote "They only wanna stop it when it's already in the hands of Americans. Then say it's their fault we have problems of drugs but, I say If you stopped it before it got here you would have nothing to stop. So start doing your job and GOVERN, isn't that what the GOVERNMENT supposed to do". NAT is being played on the radio through out the east coast of Florida, some of Mississippi, some in Alabama and workin on Columbia S.C. With countless shows that were performed by 1 Man, with 1 Mike, with 1 Motive, that you been warned. Now with this album out when some are just now hearing about the first album "Do Whacha No U Shud" by NAT here is the next called the "Bare Truth". Talk about a very busy man that is the entire label. The "Bare Truth" by NAT. This album is stepping up the pace ten fold, with no skits. The first album was a warning. Now all the talk and teaching is over. Now is the time for the bombs, artillery and warfare. Now the wrath is now unleashed. The time to talk is over. There is no more need for skits. Why explain? When nobody is listening. So feel it. Some will be lost but, that is how the world turns. During the reign of "NAT" -"The King of"- "Cold" of Jacksonville, Florida. Instead of being able to take off and be bigger with the album. In in He was bit countless times by money hungry snakes from Snakeville that was looking for quick cash, in the amounts of thousands after it was known he was making money and almost causing the break of the company "Natalac Records", and sanity. When your on your way to the top, most say they wanna help but really are reaching for your leg or feet only to pull you down off the pile. They came with flawless schemes that couldn't be recognized by Sherlock Holmes. Refusing to let the crooks win, he put up everything he owned to released this next album, not to mention those certain B\_tch a\_\_ ni\_\_as and the Jacksonville Rip off Artists, and others know who they are and will be dealt wit, with belt fed weapons until they are buried in closed caskets. So who cares about a crook but another crook. Remember when the mouths of children suffer because of the crafty ness of a crook. What is a father to do but make them pay the ultimate price. Then it's personal. Ashes to Ashes and Dust to Dust. Let The Real Last and the Fake Pass.
