If you, your little ones, and their grandparents are ready to rock , laugh, and learn, then I Can Do Anything from Okey Dokey Records is the perfect family entertainment. And in addition to the fun youll have, it might even lead to a conversation that will change a life. The 12-song CD was written and produced by two Nashville "Granddads"Harry W. Moodie and Pat Patrick--and the songs were created by them to entertain and (hopefully) let their seven grandchildren know who they are and what they think is important about life. All the songs are recorded using some of Nashville's finest singers and musicians and each song was produced in a different genre of music--from classical to country to hip-hop to calypso to 60's groove. They think other parents and grandparents will also appreciate the absence of singing chipmonks or cartoon character voices. Grandkids and their parents and grandparents listen to this album and dance together, sing along together and often find themselves talking together about a little life-lesson that they discover somewhere in the lyrics of each song.
