An unusual and entertaining 26-track compilation of original, easy listening music which evokes the imagination and refreshes the soul. 26 MP3 Songs EASY LISTENING: Mood Music, CLASSICAL: New Age Details: Pete Bennett alias 'Pictures in Sound' began as a singer/songwriter for Chappell Music with songs released on Phillips and Cube Records. He has performed his songs on BBC TV and co-composed a host of TV signature tunes for ATV and CENTRAL TV. Pete is passionate about painting sound pictures, hence the pseudonym PICTURES IN SOUND! My intention he says, is to evoke the imagination as often as I can without leaving the framework of easy listening. His new 26-track album is an extraordinary achievement in that he plays all the instruments. As a child, he says, I always dreamed of being a one man band! Petes having love for so many musical genres makes it difficult to put him in any particular box. Suffice to say that just two words sum up his PICTURES IN SOUND gallery 1 album...Thats entertainment!
