(MRGWEB) Dec 13, 2004 -- Taylor Third Generation's (T3G) debut release "Just a Little Faith" is swiftly making a huge impact today's Gospel Radio Industry. The freshman project of these five (5) little girls (ages 5 to 12) is also causing quite a "stir" among today's gospel artist's ranks. And rightfully so... In the upcoming weeks T3G is scheduled to share stages with Donald Lawrence, Ricky Dillard and New G, Tye Tribbett, The Canton Spirituals, Deandre Patterson, Kurt Carr, Natalie Wilson and SOP, Beyond Measure, Denetria Champ and others. The positive national reception has been nothing short of "astounding". Both singles, "I've Got Joy" and "In The Name of Jesus" have been added to many of the country's top gospel radio programs (rotational) and the music directors at those stations, (such as WGRB/WGCI Chicago IL, WMBM Miami FL, WXTC Charleston SC and others) boasts: "the project has generated an overwhelming response form the listeners". Through this support the project has subsequently garnered international distribution through Central South Distributors (Nashville TN. USA). Upcoming national television appearances include: WGN Television (morning show), The Bobby Jones Gospel Showcase, The 2005 Stellar Awards ceremony (as the girl's father- Michael Taylor is "Stellar Award" "Grammy Award" nominated along with Ricky Dillard as producers of Ricky Dillard-Unplugged).

Also, their new project "A T3G Christmas" is now shipping and available for the holiday season. If you welcome a "extraordinarily" positive response from your listeners/sponsors, audition this project - you won't be disappointed. "These little girls are amazing!"
