Intimate Praise and Worship 12 MP3 Songs GOSPEL: Contemporary Gospel, GOSPEL: Traditional Gospel Details: Getting to know T- For those who have enjoyed T's music and ministry over the years, we finally have a wonderful representation of her ministry with her CD Still Life. If you're just getting to know T, welcome to our circle of friends and family. From the beginning of her walk with God, the passionate desire of T's heart has been to know Him more and to help others do the same. She has been a natural music lover all her life and has had a gift for singing since childhood, but when her heart became the Lord's, this gift took fresh form and direction. God gave her a new love to sing about and a new audience - Himself! Shortly after her initial salvation experience, her relationship with Him began to express itself through songwriting as well. "I love the term Dennis Jernigan uses", says T, "we are 'song-receivers' - imperfect vessels that a perfect Creator delights to dwell in and use". As T's journey with the Lord continued, God began developing another gift in her life - leading others in worship. Whether for a small group, a large conference, or as lead worshipper for her home church in Texas, her longing is for every believer to personally touch the heart of God in worship, to come near and be healed in the presence of the Lord. From her own life, T says that, "only as we allow the work of the Cross to free us and make us whole are we able to truly fulfill our purpose on this earth - to know Him and make Him known." Thank you your time today. We hope you enjoy the music and pray that you are blessed by your moments spent with T. May God be all over you! Thanks in Him, Mark Anderson Executive Producer / Musician
