...behind every smile there lies... THE DARK UNSPOKEN 11 MP3 Songs ELECTRONIC: Ambient, ELECTRONIC: Industrial Details: THE DARK UNSPOKEN have been formed in 1997 by Darkun in Lemgo, a small town in germany. In september 2005 Kaiser joined the band on the keyboards. You can call TDU a dark-electro-band. Their songs tend to be about nature (humankind destroys our wonderful earth), church (many people say they believe in god but they kill a small spider (or other animals) when they just see it. The songs are also about other facts that stay most of the time unspoken in our world and our minds. THE DARK UNSPOKEN have released three albums, some MCDs, compilations and also some remixes for Bands like DVATION, EXILANATION and MENICHAL SERVANTS. They also appear on the soundtrack for a german homemade horror-movie called THE BUTCHER 3 that has been just released on DVD. Darkun also acts in this movie.
