We may be good at what we're knowing.... We just need to communicate If we can talk before the fact, Maybe we can get true loving back. Here is a chance that we can take.... We just need to communicate. How did the winners get that way? Did it all start with the words they say? Maybe our hearts will not be broken.... If our intentions, they are spoken. Consider me and I to you.... Is this what we ought to do? If it's a happy home we desire to make.... We just need to communicate Can we begin to understand.... Why we're not walking hand in hand? If we believe its' not too late.... Baby, let's try to communicate. It really hurts me everyday When we're together with nothing to say. Is our love a price that's too much to pay? I say this because it's slipping away. Darling you know I love you so.... Why can't you talk about where you go? Is it in the things we do not say? How did we ever get this way? Every time we hesitate.... My feelings of sadnss get oh so great. Don't let apprehension make us wait. We just need to communicate. How we got this far without it, I don't know. Do we still have the power to make love grow? A good understanding we can create.... If we can learn to communicate. You see in life, it's a two way street.... When we work to communicate, we stay in beat. Our life together can be so sweet. The time is now so let's not wait, We just need to communicate. (These lyrics are from the song "Communicate" on The WTL Club's The Way, The Truth The Life CD, available at CD Baby).
