"Stop email harvesting in its tracks" Stop your email address from being captured Are you fed up with all the junk email you get?, want to reduce the ever increasing tide of spam? Now you can, email scramble hides your email address so email harvesting robots can't find it in your page. The email address can still be read by people visiting your site and works exactly the same way when someone clicks on your email link. Quickly scramble your email address and code it into your web pages. Tags: software, harvest, harvester, address
