Memory's Eye Ciana Stone Book 1 in the Hearts of Fire series My name's Memory and I have a slight problem. I walked out on a business I poured my heart and soul into and took off across country to "find myself". No luck on finding me yet, but I found something I wasn't expecting. Marco Redwing. Sexy? Hell, that doesn't even come close. Oh, the things I long to do to him. The kicker? He has a crystal pendant that's an exact match to the one I've worn since I was eighteen. It's almost too good to be true. Problem is, every time I'm around the man my crystal pendant goes crazy. Damn thing sends off energy spikes I'm afraid are going to electrocute me. Could I really find the man of my dreams in this charming Southern city? And that's the real problem. The crystal is supposed to lead me to the man I'm destined to mate with. Which sounds damn fine to me. But it also lets me know there's something not so good getting closer. And that's the rub. There's a demon after me.
