While turning the message to Christ, the music is spawned from the glory days of Heart, Dokken, Kansas, Black Blue, and inspired by the whole 80's genera of hair bands and melodic rock roll. Being true to their message and music, Armor Of God have a unique style of their own with heavy axe grinding and steady percussion accompanying a heart felt message of Jesus. The haunting waves of electric guitar drones are backed by the powerful and amazingly passionate and expressive vocals of Donna Worsham, which take this keyboard suffused group beyond the realm of flannel and techno pop. The extrodinary guitar riffs of Kevin McElyea and bass and percussion of David Worsham all combine to collectively give this group their own distinctive sound
