Show all album songs: Music of Shadows and Light Songs Details: Bla69 was founded in 2002 by Sergey Pasechnik. From the very beginning of the project the main idea was to experiment with the sound and the music. The author creates musical images, which are successfully used for theatre, video art, conceptual movies, various performances, actions, three-dimension installations and exhibitions. His music is used where the musical background is an inseparable part of the artistic process and aims to achieve some definite artistic purpose. These pieces were used during a series of psychoanalysis and group psychological therapy. In the year 2004, 7 compositions were recorded for the album "BLA69". In 2005 it is published on ACM RACORDS. In 2007 the new album "Music of shadows and light" was recorded.
