Original Spanish inspired guitar music, played with fire, mystery, and 'duende'. Light a candle and be caught in the passion. 8 MP3 Songs WORLD: Flamenco, CLASSICAL: New Age Details: WEPA Records Recording Artist/Flamenco Guitarist Christopher Gotzen-Berg has been thrilling audiences in the Upstate New York area for over 10 years! His debut release "The Lingering Look", is a CD of solo flamenco guitar solos; this CD runs the gauntlet of technical possibilities open to solo guitar! The pieces on this recording take the listener through an emotional tour of Christopher's heart, beginning with the energetic strumming passages of "Looking for Albeniz" (an homage to Spanish pianist Isaac Albeniz), the haunting melodies of "El duende de la soledad", the folkish dance of "Sevillanas por San Miguel", and ending with the latin/flamenco groove of "The Lingering Look". And we didn't even describe the other four tracks!!! This album is a must have in any solo guitar lover's CD collection. Press Reviews-- "Fluid Flamenco!"- Dance Scene Mag.
