(These are some multi-tasking little Muffins!) Nineteen years, four recorded collections of original songs, and thousands and thousands of live performances later they are tickled pink to present this brand-new CD...JanetMarie m'Archibald's Family Album...their first recorded effort with a live accoustic backing band (and son Devin on very snazzy electric guitar!) The songs range from the sweet and soothing, to the raucous and ridiculous...songs about favorite foods, naps (and what to do when you're not sleepy), Bizercises (exercises for busy kids) and a "how to" song about homemade parades. These songs have been Kid and Parent tested and have recieved enthusiastic peanut butter covered thumbs-ups! Come on in, sing and play along...we've been waiting for you!
