

# Mp3 Juff Shroom - Spacescapes

[DOWNLOAD HERE](#)

Psytrance meets psychedelic techno with progressive moves and freaked out audio oddities. 9 MP3 Songs ELECTRONIC: Psy-Trance, ELECTRONIC: Tech-House Details: Influenced by the constantly evolving shape of electronic music, Juff Shroom focuses on hard floor psy-trance and progressive outer-world techno. Big pulsing bass rhythms and hard psy-kicks beat through your body while aliens speak to each other in squelchy analog riffs and intersect with haunting atmospherics. Music to catch the ear off-guard, while keeping true to the purists of true sine-wave-based-trance madness. Producing trance and psychedelic techno since 1999, Juff Shroom has produced hundreds of tracks and remixes over the years, yet still remains relatively unknown in the psytrance community. His first album "Spacescapes" includes the latest hard psytrance tracks from the artist and also some older classics, remastered specially for the release. People who are interested in Infected Mushroom Moss should consider this download.
