Beautiful relaxing melodies played by solo flute,cello or piano supported by floating electronic harmonies.Ideal for massage and health therapists...68mins long. 16 MP3 Songs CLASSICAL: New Age, EASY LISTENING: Background Music Details: I am a sixty-plus piano teacher,composer and school music specialist in Auckland, New Zealand. I currently teach 38 private pupils and keyboard to 42 children in two Catholic schools. I am a classical pianist and feel very strongly that children must be given the opportunities to hear and participate in beautiful melodies...that pop music isn't the only world of music. Dancing In The Moonlight has developed out of my deep interest in healing, both spiritual and physical.Due to a severe spinal injury, I have had years of chiropractors and massage therapists.Soothing music always relaxes me at a very deep level, enabling emotional and physical pain to be healed. Several massage therapists expressed the desire for a long recording where ALL the tracks were very peaceful..so that their client wasn't suddenly jolted out of a deep semi-sleep state! Every track on this 68 min CD is beautiful, uplifting and peaceful.Live flute, cello or piano sing over Brent Holt's gentle electronic harmonies. You can play this CD whilst you drive,study,or put the baby to sleep.may my music bring you peace and joy!
