Background: These 2 Artists met back in 2002 in San Francisco at a talent competition that T-MAZZ participated in. T-MAZZ not only blew away the audience with his undeniable energy and dynamic stage presence, but caught the attention of Rapper/Producer Opm 1. Little did the two talented young MC's know that this day would change history. It was not long before they decided to try a duo project; matter fact they both were associated with other MC's but their level of drive, energy and uncanny lyricism brought them together, and thus they decided to form what is Today known as "The Unity Cup. Current Activity/New Release: The album titled: "Toast 2 . . ." is Opm 1 T-Mazz's first official album to be released to the public. They draw from themes of unity, revolution, and uncut raw lyrical assault. The Unity Cup draws a rare combination of 2 energetic, hungry, and relentless lyricists eating up one bar at a time. Typically, every group has the ring leader, or favorite person(i.e. Tupac rules the Outlaws, 50 Cent rules G-Unit, Eminem rules D-12)well, this group consists of 2 equally distinctive sounding voices that make the album fun to listen to. Whether you are a mother longing for appreciation, a hip hop fanatic tired of the uncreative music cluttering the market place, or just a music lover looking for something new, the UNITY CUP is another Classic CD worthy of belonging to your collection. So, preview the tracks, and in the spirit of the Revolution for a New World Order, a new way of thinking, a Unified force against

oppression cultural segregation, take a stand and Join the Ranks. TRUE SHINE! Or as OP would Say:

"IT'S MEEEEEE!!!" ONE
