Straight ahead piano-pop gone the singer/songwriter way. This handful of radio-ready tracks marry soul searching with playful arrangements and drop hints toward Putnam's more alternative leanings. 5 MP3 Songs POP: Piano, POP: Today's Top 40 Details: Concise. Fun. Evocative. Strong. Long Story Short [EP] is the striking sophomore release from piano-based singer/songwriter Phil Putnam. In this 5-song follow up to his full-length debut "Healer," Putnam extends his trademark blend of singable tunes and lyrical intensity with an added strut and smirk. Recorded with Co-Producer/Engineer Joe McGill during the Fall of 2002, Long Story Short finds Putnam playing with a variety of arrangements and styles, from the straight-ahead piano-pop of "Just As You Said" to the sincere ambience of "Theme." The rich, mellow feel of the record carries listeners straight into the soul-jolting show stealer "Love." This fun, electric guitar-driven fan favorite shows a completely new side of the typically pensive Putnam with its high energy, good-time rock feel.
