Witty picture-painting songs filled with unique musical harmonies. 8 MP3 Songs FOLK: Folk Pop, ROCK: Folk Rock Details: Wallace's "Cobblestone Wine" takes you down a soulful path of lyrical song, as if he is painting you a picture on a canvas, each track unfolds with unique expression. From the witty Suburban Paradise to the anthem like Concrete Paralyzed World, you will find yourself deep within in the song and entranced by his melodic voice. At times "Cobblestone Wine" is filled with metaphors of modern adulthood, with lyrical lines such as "tighten my tie like a noose around my mind" then your swept away with beautiful love songs as in "Our Soul's Collide" and "Inn at Irish Hollow". "Jesus Bought Condo" is a curious piece with a signature intro and peculiar percussion, "Center of it All" starts out mellow and explodes to a jazzy ending rich with saxophone and melodies. The title track "Cobblestone Wine" is Celtic-like with thunderous drumming and a odd blending of harmonica, guitars and fiddle, The 2nd Track "Sunny-Side of Grey" is a wonderfully warm song , blending perfectly Wallace's voice w/ the sweet sound of dual 12-string acoustics.
