

Paradigm Theory & Policy Making: Reconfiguring The Future - Akira Iida

[DOWNLOAD HERE](#)

This book tracks the development of the dominant capitalist economic paradigm of the United States and examines the decisions and implications faced by many countries which have yet to espouse the values on which the current internationally dominant paradigm is built. The existence of this "paradigm gap" poses problems for all and gives rise to such thorny issues as development and aid. A compelling case is made for the view that, just as drawing an additional line can help solve problems in geometry, adding the paradigm perspective into economic policy making will enable nation-states and international organizations to see existing problems more clearly and to anticipate future changes in economic activity. Author: Iida, Akira Publisher: Tuttle Publishing Illustration: N Language: ENG Title: Paradigm Theory & Policy Making: Reconfiguring the Future Pages: 00160 (Encrypted EPUB) On Sale: 2004-05-15 SKU-13/ISBN: 9780804835404 Category: Business & Economics : International - Economics
