Comes with two UNANNOUNCED BONUSES! Instantly Spice Up All Of Your Headers, Banners, E-Covers, Videos, Splash Pages And All Other Graphics! Want to make your graphics POP and look truly professional? One of the easiest ways to add some flair to your graphics is by adding a cool abstract background as the back drop of your design. I've created a nice collection of really cool looking abstract backgrounds. Introducing... The "Killer Abstract Backgrounds" package! You can use these to improve virtually ANY kind of design. Use them as backdrops for your headers, banners, E-Covers, splash pages, videos, inside your software programs, etc. These backdrops will make all of you graphics better. The best part is that these backgrounds are highly CUSTOMIZABLE layered PSD source files: Each of these background images comes in a layered PSD format. That means you can take each element you see in

the design, and customize it to your liking. Turn certain effects on and off, mix them up, move them around, resize them, flip and rotate them, change the colors, combine two or more designs together, take just one certain effect like a grid, and add just that one effect to your design, etc. There are thousands of different ways to customize these graphics. So you can use them as is, and have a nice design ready to go in minutes, or you can customize them and create your own unique designs. Here is EXACTLY what you get in this package: You get over 30 (33 to be exact), high quality, abstract background images, for one low price. You also get layered PSD files so you can customize the graphics fully. You also get royalty-free UNLIMITED use rights to the whole collection! BONUSES: BONUS#1: 21 Header Graphics Templates - FULLY Customizable! (PLR): This package contains 21 header templates in .PSD format and .JPEG format (blank), plus 21 sample templates in .JPEG format. These 21 headers are FULLY Customizable!
