Details: My name is Billy Kill. I was born Billy Killoran. I live in a suburb of Philadelphia Pennsylvania..."Conshohocken". The word Conshohocken is an American Indian idiom meaning "Please buy my CD," roughly translated. I play keyboards with a Philly based party band called the Flamin' Caucasians. The band has performed at corporate events around the country and has done some TV too! A year ago I was partied out. I needed to do something real- an original project, an album of my songs that I could send to my strategically spaced illegitimate children. I am a serious musician. I've studied classical music, and alot of Jazz piano. Pop is what I love. The Beatles, Steely Dan. I really don't care about much else...hanging my clothes, fixing the lawnmower, or washing the car. I'm addicted to writing and playing. I'm also into "off beat" humor...George Carlin, Woody Allen. I see the world differently. You'll hear it in the Lyrics. The title of this collection, "Minuits in Making" is a joke. I worked long and hard on this record. Thanks for taking the time to read about me, I think you're gonna like what I've done. Love, Billy Kill. Tags: pop
