Cacophony is what the definition of noise in the dictionary should be. Both violent and rhythmic, while still maintaining a sense of melody. Taking inspiration from other electronic genres such as IDM and gabber, cacophony's sound takes the best of them, 9 MP3 Songs ELECTRONIC: Experimental, ELECTRONIC: Industrial Details: Behold, MK-34179 was on a routine mission from its home planet of Mercury to Saturn to pick up supplies when its ship collided with one of NASA's puny earth satellites and crashed in the jungles of Central America. MK-34179 began sending out sonic transmissions for a rescue ship and noticed that earth children wearing big boots began dancing to them. Unfortunately the home planet de-prioritized its mission until 2013. MK-34179 is now left on earth entertaining others with sounds. Just when you think you've heard everything the harsh noise movement could offer, along comes a new being willing to challenge all the conventions of this electronic genre. Cacophony is what the definition of noise in the dictionary should be. Both violent and rhythmic, while still maintaining a sense of melody. Taking inspiration from other electronic genres such as IDM and gabber, cacophony's sound takes the best of them, puts them in a blender along with hints of industrial and power noise, and comes up with a whole new sound that challenges everything you've heard before.
