This new talent featured on both my personal site and on Music2feel4/Universal Records page comes to us from my home state of Texas. The Dallas area has a new wave of Christian Music coming alive and felt through the mighty works of God. The manifestation of creating such an amazing break through to the Dallas/Fort Worth area through their music. TWO WORDS!!... WOW!!...A M A Z I N G.... It is time to honor Kelly James because God has moved within his life and it is seen through his walk. Quote:.."Because of his persistence, constant support of family and friends, and last but not least, his source Jesus, he and his ministry has already affected numerous lives. God has raised Kelly to be a forerunner for Praise Worship leaders in this new millennium. Respected and successful musicians flock to his home church Pathway of Life for the opportunity to work with Kelly." This featured Artist and his Choir is a personal one for me because I have family members in the Choir itself. I send my love and support to you. The Pathway of Life Choir under the leadership of Kelly James has created a meaningful bond and with God in the mist of it all. They were blessed to produce and release the "Born" CD which is available at [cdbaby.com/kjatpolc](http://cdbaby.com/kjatpolc). The single "Come Holy Spirit", has already seen regular rotation. And as the holidays approach, Born would be a great gift to give from the heart. Although I personally believe it is a great Worship CD for all year round. Co-produced by Bobby Sparks (Kirk Franklin, Fred Hammond and Marcus Miller) this collaboration of

original tunes is a must to add to your holiday music collection. As the time draws near for us to embrace the upcoming new year. We give thanksgiving to our Lord for allowing us another day to praise and worship him. What Kelly has managed to create was a fellowship with God to enable us to witness the love of God to penetrate our soul within his music. Music is more than just words and sound... it is a being that lives within us. God as our main source of living created us to praise and to be a blessing to others. The "Born" CD will reach a place within you that has been silent for so long. The music itself will allow you to come into his presence and worship like never before. There is no quote by the Artist himself because this is more than just one man.....GOD is in the house!!.... May the love of GOD fill your hearts with his abundant love, mercy and his amazing grace. We give GOD all the glory...all the honor...all the praise....God Bless each and everyone reading this because it is not a mistake...God makes no mistakes...You are loved!!...It is our prayer that the "Born" CD reaching a place within you and brings you closer to him and his love for you. Pastor Kelly James and The Pathway of Life welcomes you into their family of friends. Come join them every Sunday and feel the holy spirit draw you closer into his presence. The "Born" CD is just a mere taste of what you will experience and Kelly has done an amazing job by humbling himself by allowing his relationship with GOD to be seen and heard through his beautiful music. It is my honor to honor such a MAN of GOD...Kelly has the ability to bring to you a piece of heaven each and every Sunday. Kelly has such an amazing range within his voice and his leadership can be heard through his songs. Therefore, heres a review worth reading: "The cover gives an impression of being a compilation of Christmas music. Don't let that fool you. Many others as well as I agree that this can be played for year round entertainment. As might be expected the songs are slammin! Pastor Kelly's fusion of soulful R&B hooked up with warm smooth Jazzy sound. Gives the duality of kicking back at home in front of the fireplace sipping hot cocoa hanging with the familia, or dipping your toe in the warm Mediterranean Sea with your honey in Mykonos Greece. Pastor Kelly's voice is a smooth revelation that this cat can roll with the best the industry has to offer but most of you knew that. Furthermore, the choir fills the room, and the solo vocals are second to none. The band...one word. Sick! So here is an opportunity for you to own the best southern fried music Dallas has to offer. You cats that are residing in Califas, San Antonio, H- Town and everything in between help spread the word. God Bless! And as always...Orale!! Gonzo!" So, with that said, "please show some love and support their way." One of many things I can personally say about My Boy Kelly James and his Choir...THEY ROCK!!...much love to my

family @ Pathway of Life Church. Michael/Universal Records, I personally ask for you to listen to our new upcoming artist Kelly James The Pathway of Life Church. To everyone: Every week there will be a new artist honored on both sites. So, please feel free to come by and show your support and luv for all those that will be honored. It could be you!
