A Wonderful Worship Experience For Every Believer 8 MP3 Songs GOSPEL: Contemporary Gospel, GOSPEL: Traditional Gospel Details: Kingdom Harmony was formed by pianist Nicholas Grier from members of various churches in Atlanta. While in college, he wrote songs to express the pain he went through, but didnt have the voice to deliver the message. Years later while at Martin Street Church of God, he began to select members of their choir for the group. He later added other members to complete the group and began doing concerts. While performing Nick considered to do an EP release, but felt he couldnt. Shortly after he was contacted by Psalms of Praise writing team Micah and Jamica Dobbins who helped bring the vision to reality. While making plans for the Album Nick created music to one of the songs that Jamica wrote. This collaboration was then added to the CD. Their album, Your Will Be Done is an excellent choice for anyone who is in need of a touch of gospel inspiration to help them get through lifes troubles. We all have times where we need to worship God despite the circumstances and trials that we are up against. Kingdom Harmony ushers the listener in with tracks like Celebrate and I Press. Then there are songs of reflection like Jesus Came For Me and Your Wisdom. No matter what you are going through in life, this album reminds us that we do have a friend in Jesus.
