Wedding songs done in a country style. Looking for a new song for your wedding, look here. 12 MP3 Songs COUNTRY: Traditional Country, GOSPEL: Country Gospel Details: This is a true concept CD, all the songs are wedding songs. If you are planning a wedding and looking for a different song to be performed on your special day, this may be for you. Maybe you are a romantic at heart and just love love songs. Anyway, this is a good listening CD for all. I first wrote a wedding song to perform at my daughter's wedding. When my other daughter got married I wrote three songs. Over a ten year period I wrote about twenty wedding songs. I noticed that when many people got married, they would burn off several of their favourite songs to give to their guest as a memento of their special day. This is, of course, breaking the copyright law. No one should take the chance of being sued and starting their new life together thousands of dollars in debt. I decided I would record this CD of all wedding songs, so if they wanted to give a memento to the wedding party, they could legally do so by purchasing these CDs at a reasonable price, then insert their own photo over the existing photo, and make a unique gift. They may want one or more of the songs performed at the ceremony, all the lyrics and most of the soundtrack are available to be purchased for a small fee. I hope to work through wedding photographers and wedding boutiques, so they will be able to offer this option to their clients. Get in touch for prices. Everett Adams
