The originators of "Fist Fuck Rock". Loud Aggressive Rock and Roll. 15 MP3 Songs ROCK: Punk, ROCK: Hard Rock Details: If you have been waiting for a stoner rock band that doesn't have to tune down to "C" or talk about slaying dragons in the forest while smoking a bowl with the goblin, then P.T.W.K.A.F. may be the band you've been looking for. If you fantasize about revisiting Mudhoney riffs without fear of that tacky flannel that usually goes along with, then Halfway to Honkey Heaven belongs in your top ten list . Children of the early 80s American punk fallout having flashbacks of R.K.L.'s mid period brand of joke-rock may also dig on the "Ass Fuck". Yet regardless of the aforementioned comparisons, Pinky Tuscadero's White Knuckle Ass Fuck may be too unfocused to fall under such defined categories. Let's just call it "Fist Fuck Rock" and see if that catches on. P.T.W.K.A.F has recently been named the AZPUNKfeatured band of the month for March 2005. Add that honor to their existing resume that includes a SHoD IV appearance and numerous performances in the Phoenix, Tucson, and Vegas area. The momentum is now on the side of Pinky Tuscadero's White Knuckle Ass Fuck to promote the new album by touring the western United States in late spring 2005.
