All original Quasy-Jazz Funk Fusion written on the Chapman Stick. Deliciously different. 10 MP3 Songs
JAZZ: Jazz Fusion, ROCK: Progressive Rock Details: At age 15 I began playing music on bass guitar. I loved the power and full sound of the bass, but soon moved on to guitar which offered a more expressive way of getting the music out. For 15 years I played guitar and wrote a lot of music on 6 strings. Then I found The Chapman Stick. Immediately I knew this was the instrument for me. Now I have the best of both, a full robust bottom end as well as an articulate melodic vehicle. The best part is playing both at the same time! For over 35 years I have composed and played my own style of music. This instrument is a source of inspiration in my quest to create my unique music. Thanks for listening!
