Mp3 Trife Life Records Inc. - Tryflyn To The Grave

DOWNLOAD HERE

This is that thugged-out gangsta gangsta make, that gutta gutta midwest style. Tune in and listen to something, don't be a hater, you might be suprised what you hear. 15 MP3 Songs URBAN/R&B: R&B Rap mix, HIP HOP/RAP: Hip Hop Details: E-VOL has done it again, but this time he's not alone. Sharing the spotlight with his TRIFE-LIFE label-mates on his sophmore project entitled "Tryflyn To The Grave" may provide the necessary lift that will elevate the producer/rap extraordinaire from underground stardom, to platinum status. Although the album contains four commercial joints, the album strays away from commercialism in an attempt to bring hip-hop back to the streets. The combination of grimmy street veterans and new-style youngstas prove to be a perfect combination "fo sho". Showgun, Waniac, Shake, D-Lo, Fortune, and Lil Tone make up the supporting cast that supply the heat on this newly released compilation. With gutter-style lyrics and beats equally as lethal, this album is sure to blow up not only the underground set, but the mainstream scene as well. This is a must have album for true street rap junkies. So stop what you doing and cop you some of this raw and uncut, this is that real sh*t, that sh*t you been fiending for!
