Musician/Songwriter/Philosopher - Bill Dickson pours his heart and talents into fighting the problem of homelessness in Maryland and beyond. After forming Think About Them, Inc. in January 2000, Bill has written 10 songs focusing on the issues surrounding the needs of those who are desperate. The songs are rich with lyrics focusing on the human condition of being angry, alone, confused and also hope, comfort, self-awareness, and accomplishment. Bill's compassion for the needy stems from personal experience with persons close to him being vulnerable to such a plight. "Wonderfully crafted lyrics, strong melody lines and vocals that are diamond hard."
